Canvas Painting

1st - 6th, Mondays 4:45 - 5:45pm

This class is dedicated to creating beautiful masterpieces on stretched canvas. Students will use acrylics to paint any subject that interests them. Guided by the instructor, young artists will study brush technique, color theory, and color mixing to produce frame-worthy works of art. Whimsical, abstract, landscape, or pet portrait; it's the student's choice!

Just Drawing

1st - 6th, Thursdays 5:00 - 6:00pm

Just as you need to learn the alphabet before you can write a novel, drawing is the foundation of all art making. Students will be working from observation and imagination to hone their skills and develop their "artist eye". A variety of classical media will aid in our exploration of value, perspective, contour drawing and more.

JUST CLAY

K - 6th, Mondays 3:45 - 4:45pm

Kids love clay! Working with clay allows for sensory development, fine motor dexterity, self expression and creative problem solving. In the Just Clay class we will be creating fun, functional and decorative sculptures as we hone our spatial awareness, controlled dexterity, and creative problem solving skills.
